Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY
Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the City Directory —the **One Subscriber** would of necessity have to absorb **The Whole Cost.**

If there were **1000 Subscribers**—each one would have **to absorb 1/1000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity** there is for the Borrower to subscribe for the Service.

More Borrowers result in **Fewer Subscribers**, which means **Increased Cost.**

Introductory

The present volume for 1956 is the 49th edition of Henderson's Directory of Regina. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all parts and includes all essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of this volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION starting on page 39 contains information about Civic History and Industry, as well as a complete list of Apartments and Business Blocks.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 53 features the names of all streets and avennes arranged alphabetically and numerically, giving the location, number on the street, and showing the occupant.

The intersecting streets are shown in the order that they come.

Δ Denotes that there is a Telephone in the house.

✦ Denotes that someone living in the house is the owner.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 181.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY at the back of the book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

REGINA POPULATION, in excess of 89,000

The Directory estimate of population is based on the actual number of individuals' names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Regina Directory covers considerable territory beyond, but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Regina may be obtained.

ADVERTISING REGINA

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,
The Publishers.
HENDERSON DIRECTORIES LIMITED.

September, 1956

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

1923	40,000
1938	53,389
1945	58,553
1950	72,000
1952	74,000
1953	76,000
1954	78,000
1955	82,000
1956	86,000

PROPERTY ASSESSMENT—
1956—$70,106,770
Mill rate (1956)—80
Land at 100 and Improvements at 30%.

TRANSPORTATION—
City owned Utility equipped with gas and trolley buses.
Both CPR and CNR pass through and 14 branch lines radiate out.
TCA makes a main line point here.
Regina is on trans-Canada Highway.

THEATRES—7
2 drive-ins

UTILITIES—
Steam turbine Electric Plant owned by City.
Equipped to burn either coal or oil.
1,756 street lamps with 201 miles of lines and 37.7 miles underground cable.
Water system from artesian wells and Buffalo Pound include 69 miles of supply line and reservoir of 30,000,000 gallon capacity.
Water Main—122 mi.
Hydrants—1,610
Meters—26,631

Regina

(By Courtesy The Regina Chamber of Commerce)

Chief Sitting Bull made the first recorded visit to the present site of Regina when he arrived there in 1881 on his way to Wood Mountain where the Sioux made their head-quarters while seeking refuge in Canada after the Custer Battle on the Little Big Horn in Montana. The locality had long been known to the natives as "Heap O' Bones," owing to the fact that a great pile of buffalo bones garnished the low hills nearby. The first settlers called the place "Pile O' Bones," and this name appeared in official documents. The name, "Wascana," given to the creek running through the area is a corruption of the Cree word for Pile O' Bones.

It was intended to name the place Victoria, in honour of the Queen, but that name had already been bestowed on the Capital of British Columbia. The matter was referred to Princess Louise, the daughter of Queen Victoria, whose husband was then Governor General of Canada, and she selected the name "Regina." The city was named as the first train arrived at nine o'clock, August 23rd, 1882. A tent settlement had sprung up in the spring of that year.

Regina was incorporated as a City in 1903, but the little community had already been the seat of Government of the North West Territories for twenty years. It became the Provincial Capital when Saskatchewan was formed in 1905.

At the time of its incorporation Regina had a population of 2,000. Today it has a population conservatively estimated at 56,000. While not what might be called a large city, it is the fourteenth largest of all Canadian Cities. It may seem small for a Capital, but in Western Canada a city of 50,000 or more is often of greater significance from the point of view of commerce and distribution of goods than a city of several times the population in older countries.

Regina is the financial centre of the Province and it holds an important place in the life of Saskatchewan by virtue of the fact that it is the Capital and by the commercial and industrial development which has taken place within it.

The Legislative Buildings are among the most stately and beautiful in Canada. They are situated on the banks of Wascana Lake and surrounded by spacious grounds which have been beautifully developed and landscaped. The building itself is regarded as an ideal structure for legislative work. It was first begun in 1908 and cost in the neighborhood of $3,000,000.00.

Regina contains Churches of many denominations and is the seat of the Anglican Diocese of Qu'Appelle and of the Roman Catholic Archdiocese of Regina.

Regina is one of the best paved cities in Canada for its size. It has approximately 66 miles of paved streets, over 155 miles of graded, oiled and gravelled streets. It has 145 miles of concrete, 14 miles of asphalt, and 68 miles of plank sidewalks.

The City has 135 miles of domestic and 89 miles of storm sewer and 129 miles of watermains with 1,010 hydrants and over 26,650 meters. There are two trunk sewers, a sewage disposal works and an incinerator for disposal of garbage.

A modern fire department is maintained by the City with fire stations, a force of 134 well trained firemen, and fully equipped with modern fire fighting apparatus.

Because of its natural attractions and the improvements which its people have made to it in the course of its short history, Regina is a very popular tourist and convention centre. Hotel accommodation is suitable for small and large gatherings and many thousands annually take advantage of its splendid facilities.

AGRICULTURE

Surrounding Regina is the finest grain growing district in the world. Saskatchewan is the greatest grain growing province in the Dominion and produces annually one half of the Canadian hard wheat crop. As producer of quality hard wheat Saskatchewan leads the world, having won the world's prize eleven times during the past sixteen years.

While Saskatchewan has always been considered the Premier Grain Growing Province in the Dominion there is abundant evidence that she will, in the not distant future, occupy an equally outstanding position in the realm of livestock. At the Royal Winter Fair, Toronto, and the International Exposition, Chicago, the high quality of our Saskatchewan livestock has been demonstrated over a long period of years.

AVIATION

Regina was a pioneer in the field of aviation. It was one of the first cities in Canada to have a municipal flying field. This is well equipped with a fine hangar.

Regina Flying Club was established in 1927, and received the fullest co-operation from Civic Authorities. It built a hangar for its own operations.

The Airport area now comprises 1137 acres.

There is a very substantial administration building and control tower at the airport and it is particularly well supplied with tax) strips capable of handling any weight.

Regina is connected with the Transcontinental line of the Trans-Canada Airlines and is the southern terminal of the Canadian Pacific Airline which provides a local service to a number of Saskatchewan Cities.

Regina is favourably suited to be a central point on World routes extending from the West Coast to Europe and from Eastern and Central United States through Alaska to the Orient. It is merely at the beginning of its potential development and it is extremely fortunate that its foundations are so well laid.

BANKS

There are 6 Chartered Banks in Regina—Bank of Montreal, Bank of Nova Scotia, Canadian Bank of Commerce, Toronto-Dominion Bank, Imperial Bank of Canada, Royal Bank of Canada, with 12 branches. All are members of the Regina Clearing House Association, 1955, with total clearings for the year standing at over $1,354,000,000. A branch of the Bank of Canada is also located in Regina.

BENEVOLENT INSTITUTIONS

The Benevolent Institutions in Regina include the Masonic: The Royal Arch Masons, Knights Templar, Scottish Rite, I.O.P.H., A.A.O.N. Mystic Shrine, Eastern Star. Others are: I.O.O.F., Manchester Unity, Knights of Columbus, St. Andrews Society, Sons of England, Sons of Scotland, Knights of Phythias, Dramatic Knights of Order of Khorassen, L.O.B.A. L.T.B., Royal Antediluvian Order of Buffaloes, I.O.L., Orange Benevolent Society, Order of Alpha, United Commercial Travellers, and the Fifteen Hundred Club of Regina.

BUILDING

Regina has experienced two outstanding periods of building activity. The first of these was 1911 and 1913. In these three years permits totalled over $17,000,000. The second was the period 1926 to 1929 when building permits exceeded $24,000,000. Value of permits in 1955 exceeded $21,000,000.

Business and public buildings are of brick or stone construction. Private dwellings are of brick, wood, or stucco, the latter has become especially popular of recent years. The Legislative Building, the Hotel Saskatchewan, the Dominion Government Building, the Post Office, Canada Life Building, McCallum Hill Building, are a few of the structures to which Regina can refer with justifiable pride.

CHAMBER OF COMMERCE

The Regina Chamber of Commerce (formerly Board of Trade) was organized in 1886, and incorporated in 1888. Twenty-three members compose the Board of Directors known as the Council of which the Chairman is President. It operates through numerous standing committees, and a Retail Merchants Division. It maintains a down-town office for public services. Inquiries for information in regard to the City may be directed to it. The Junior Chamber of Commerce shares the same office.

CITY COUNCIL

This body is composed of a Mayor and ten Aldermen half of whom are elected annually by a vote of the entire City. This body formulates the policy and this is made effective through the City Commissioner, and Department heads. The City has a record of efficient and capable administration. Departments are well organized and equipped. In all its operations it is in a very healthy financial condition. The city owns and operates its waterworks, street transportation (buses and trolleys) and light and power systems.

CLUBS

There are numerous clubs and organizations in the City. The Assiniboia Club is the oldest private men's club. Service Clubs include Rotary, Kiwanis, Gyro, Kinsmen, Lions, Cosmopolitan and Y's Men. There are also a number of ladies clubs, and most of the ladies' organizations are correlated in their activities through the local Council of Women.

CO-OPERATIVES

Regina has become an important centre in the co-operative movement of the Province. It has an important branch of the Saskatchewan Federated Co-operatives, a wholesale organization. Affiliated with the Federation is the Consumers Oil Refinery. The headquarters of the Saskatchewan Wheat Pool and the Saskatchewan Co-operative Creameries Ltd., are also located in Regina. These organizations have representation throughout the whole Province.

ELECTRIC LIGHT AND POWER

The electric light and power system owned by the City is a revenue producing utility. A modern plant on the shores of Wascana Lake generates City Power. Additional units are being added to keep up with the needs of a growing city.

The boiler plant consists of four medium pressure Foster-Wheeler steam generators equipped for oil running. The plant has four F. & W. systems and one Babcock-Wilcox medium pressure systems capable of output of 35,000 kw.

The distributing system is fed from eight sub-stations in addition to the main power house.

Nos. one and two sub-stations contain the city water pumping plant and the main supply of the street railway.

EXHIBITION

The City of Regina conducts an Annual Fair and Exhibition. This is handled through a separate Board. The Fair Grounds are exceptionally well equipped with excellent facilities for the exhibition of livestock, industrial products, commercial lines, cooking, and the Arts and Crafts.

The buildings which housed the World's Grain Show provide spacious exhibition facilities for the display of big units such as automobiles. The open grounds of the exhibition property are used for still larger items such as the exhibit of farm machinery. Farm machinery row at the Regina Exhibition is one of the greatest displays of farm machinery in the world.

Together with the agricultural and industrial features of the Fair, are involved numerous holiday attractions such as midway, race track, and spectacular grandstand performances. This exhibition takes place generally towards the end of July and is a big event of each year.

FINANCE

Tax collections are exceptionally good and the net taxable assessment in 1956 was $70,106,770. Real estate is assessed at 100% of its value and improvements at 30% of their value. The general tax rate for 1956 is 80 mills.

HIGHWAYS

Regina is situated on Trans-Continental Highway No. 1. This is a highway which will eventually be completed from Coast to Coast. It is now hard surfaced to Manitoba boundary and nine miles from the Alberta border.

Regina is also directly on an all weather north-south highway which gives ready access to the United States and to the northern part of the Province.

Regina is also connected directly by all weather highways with the south-eastern part of the province. These roads mentioned lead on to other highways which give the city ready access to any point in Saskatchewan and adjoining provinces or the United States.

It is also conveniently located to connect with the highway system which has become part of the Alaska Highway. One may travel in a relatively straight line from Chicago through to Fairbanks and great development of traffic along this route is anticipated in future years.

HOSPITAL (REGINA GENERAL)

This is a city owned hospital operated by a Board of Governors appointed by City Council. The General Hospital has 742 beds and 67 bassinets, this figure includes the new wing, D.V.A. wing and Red Cross Hospital (Junior). There is also an out-patients clinic, and Cerebral Palsy Clinic. Regina General has 100 Graduate nurses, 154 nurses in training and 22 probationers.

A Venereal Disease and Tuberculosis Clinic of the Provincial Government are also located in the hospital.

HOSPITAL (GREY NUNS')

This large institution of 471 beds and 60 bassinets is administered by the Sisters of Charity of the North West Territory, commonly known as the Grey Nuns. The staff is composed of 31 Sisters, 85 Graduate nurses and 230 trainees.

The laboratory department is modernly equipped and known as the best in Canada. The X-Ray Department is also completely up-to-date and is under the control of a full-time Radiologist with three technicians and aids.

Associated with the Grey Nuns Hospital is the Provincial Cancer Clinic which provides specialized diagnosis and treatment for cancer patients. This clinic is in many respects the finest institution of its kind in the Dominion.

INDUSTRY

Regina has over 146 manufacturing establishments employing over 2,000 persons. Wages and salaries run over $5,000,000 annually. Annual production is over $25,000,000.

Chief industries are woodworking of refining bakeries, breweries, creameries, publishing and book binding, aerated waters, jam pits and varnishes, tents, feeds, chemicals, brooms, machinery, sheet metal, engravings, paper boxes, clothing, monuments, plastics, rubber stamps, springs and novelties.

Regina owns a large part of the original townsite and has set aside an area of about 25 blocks in which are located and may be located wholesale distributing houses and industrial concerns. This area is well served by tracks linked with the two Trans-Continental Railway Systems.

The Industrial area is well paved and supplied with water, sewer, electric light and power and gas. Many services are owned and operated by the City. Attractive arrangements may be made with the city by responsible firms seeking sound industrial opportunities. Property is sold at a very reasonable price and careful and sympathetic consideration given to each proposal.

MUSIC

There are many very talented artists in the city of Regina which has maintained a Symphony Orchestra for a considerable number of years. The Darke Hall for music and arts is especially provided for concerts and dramatic productions. It is especially devoted to the encouragement of music and the Arts, and houses the Conservatory of Music of the Regina branch of the University of Saskatchewan.

The University also has an outstanding Art Department. Numerous clubs within the City encourage the development of these talents among the citizens. The MacKenzie Art Collection is housed in Regina and developments are under way for a comprehensive Art and Craft Department of the University which will make Regina the headquarters for this work in Saskatchewan.

PARKS AND PLAYGROUNDS

The City has 26 playgrounds for the recreation of its youth. Supervised play is organized by the Recreation Division of the Parks Department of the City. A programme of activities is conducted both during the summer and winter seasons. Numerous outdoor skating rinks are provided during the winter months.

Wascana Park encompasses 45 acres bordering Wascana Lake and just opposite the Legislative Building. Located in this park is the largest of Regina's three outdoor swimming pools.

One of the unique features of the City of Regina is Victoria Park located in the down-town section of the City. This beauty spot of 7 acres is considered novel and outstanding among the cities of the North American continent. Its profusion of flowers, shrubbery, and trees is a delight to all who avail themselves of the natural beauty.

To service its Parks and Playgrounds, the City operates a nursery for the production of shrubs, trees, and plants. Greenhouses and hot beds provide thousands of plants for transplanting in the flower beds of the parks and other city properties, including the grounds of the City Hall.

POLICE

The city operates its own police force. The department is under the control of a Board of Police Commissioners consisting of the Mayor, the Judge of the District Court and the Police Magistrate.

Beyond the city limits and throughout a great part of the Province policing is done by the famous Royal Canadian Mounted Police force, whose western training headquarters are located in Regina.

Recruits from all over the Dominion receive their specialized training at the Regina Barracks, which also houses the famous Criminal Investigation Bureau of the R.C.M.P.

Also housed in the barracks is a Mounted Police Museum depicting the history and work of the force. Here many rare articles of interest may be seen. This is one of the unique institutions housed in Regina and is a spot of outstanding interest to all visitors. The Mounted Police barracks in Regina have been associated with the growth of the city from its very beginning.

PUBLIC LIBRARY

The Public Library was established as a central lending library in the fall of 1912 and is now housed in the Provincial Normal School building.

RAILWAYS

Regina is situated on the main line of the Canadian Pacific Transcontinental railway and on a branch line of the Canadian National Railways. Both systems are served through a modern depot, but with separate express, freight and telegraph departments.

Fourteen lines radiate from Regina serving fifty towns and villages in a radius of 150 miles.

Regina has excellent connections with the Port of Churchill. Distance from Regina to Liverpool via the Great Lakes and Eastern ports is 4,750 miles; Churchill 3,269 miles.

SCHOOLS

Isbister College, a branch of the University of Saskatchewan, is situated in Regina. There are also two Junior High Schools, one Senior High School and one Technical School.

The City School System includes [illegible] schools. [illegible] Public School Board, [illegible] Separate School Board, and [illegible] Roman Catholic Separate School Board, respectively elected by ballot at the time of the Civic Elections.

SPORTS

Regina may truly be called a sporting city. Every game known to Canada is played here and many visiting teams from other cities and countries have been entertained by the City Teams. Sports of all kinds are encouraged by the City Council and every year sees new playing fields and recreation grounds added to the list. Among the outstanding sporting events of the year are the Regina Exhibition, Dominion Day Celebrations, Labour Day Sports, Horse Racing, Motor Cycle Races, Aquatic Sports, Baseball, Football, Soccer, Lacrosse, Rugby, Hockey, Curling, Golf, Tennis, Cricket, Polo, Rowing, Canoeing, Sailing, Bathing, Swimming and Motor Boating on Wascana Lake are also popular.

THEATRES

[illegible] theatres in Regina [illegible] The Capitol Theatre and the Rex Theatre [illegible] Both theatres are modern in every detail and are equipped with the latest sound reproducing apparatus. Vaudeville and motion pictures are usually shown at the Capitol Theatre. The Rex Theatre is devoted to motion pictures only. [illegible]

CENTRE FOR THE TOURIST TREK

Not only does the "Queen City of the Plains" have much of interest, beauty and historical value to give the visitor, but it offers the most accessible centre from which roads lead off to the wonderland of Saskatchewan. Into the hills, the lakes, by tree-lined roads, into the glory of the pine-clad north.

To reach this city of the plains and Capital of the Province, you travel through a fascinating country. A land of boundless prairies, a boundless expanse of fertile soil, a land of golden fields of wheat, the granary of the world, of appetizing coolness of early days and starry nights, of short summers and long winters, but of a people and a spirit that call you back when you have left.

On the southern shore of Lake Wascana are the magnificent grounds and buildings of the Provincial Government. Visitors are always welcome and can visit the library and reading rooms during the day.

In the Library will be found many relics of great historical value, chief of which is the Confederation Table. Around this massive board sat Fathers of Confederation who brought the scattered parts of the vast area East into the unity which today as the Dominion of Canada, holds a place of high reward among all countries of the world.

[illegible] should not fail to visit the magnificent Provincial Museum of Natural History. Museum Lodge and Albert Hall are also worthy of mention. Here can be seen the birds and animals that make their home upon the prairies.

Recreational and entertainment facilities afford a variety set out for pleasure under ideal surroundings, and short distances take the visitor to cooling sandy beaches on lakes in the historical Qu'Appelle Valley and Last Mountain Lake.

Henderson's Regina Street and Avenue Directory 1956

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or householder or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment houses the number denotes the number of the apartment. The profession or business of individuals or firms is given only at their respective places of business, to find occupations of others refer to Alphabetical List of Names.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the east side (odd numbers) will appear first on Streets.

The symbol ✦ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol △ also following names denotes houses having telephones.

More than ninety per cent. of all advertising mediums are discarded before they're a year old

After the new ones come out your advertisement in the directory is still good, for old directories are seldom discarded while they hold together. Years later many of these directories will still be in active use. Your advertisement is still in service

Do you want LONG-LIVED advertising?

Common Sense

About City Directory Circulation

•

THE TRUE VALUE of advertising circulation is **circulation consulted**

TO BE EXACT by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for **three hundred and five days**, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

Consultations or
Circulation Consulted

Please! Do Not Lend Your CITY DIRECTORY

•

IT COSTS YOU MONEY
Every Time It is Loaned

•

The practice of lending your City Directory is a great measure, is responsible for the increasing cost of Directory Service.

The reason is —

There is a definite cost involved in the making of the **Directory of Your City.**

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the City Directory **—the One Subscriber** would of necessity have to absorb **The Whole Cost.**

If there were 1000 Subscribers—each one would have to absorb 1 1000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers—the Lesser the cost to each.

Every time you loan your City Directory the **Less Necessity** there is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.

The Directory is the Common Intermediary between Buyer and Seller

Common Sense

About City Directory Circulation

•

THE TRUE VALUE of advertising circulation is **circulation consulted.**

TO BE EXACT by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day

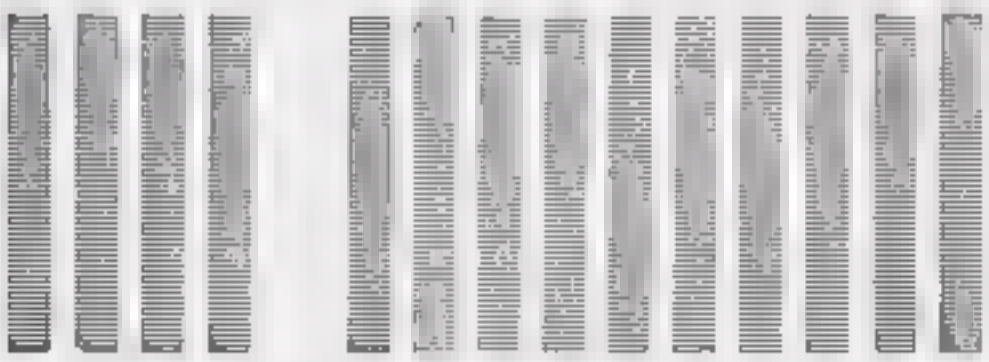

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for **three hundred and five days,** therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

Consultations or
Circulation Consulted

4 in 10

Over forty per cent. of your customers move each year and new ones move into your district. An advertisement in the City Directory will enable new customers in your district to find you.

Henderson Directories Ltd.

Please! Do Not Lend Your CITY DIRECTORY

•

IT COSTS YOU MONEY
Every Time It is Loaned

•

The practice of lending your City Directory is a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but One Subscriber to the City Directory the One Subscriber would of necessity have to absorb The Whole Cost.

If there were 1000 Subscribers—each one would have to absorb 1 1000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers the Lesser the cost to each.

Every time you loan your City Directory the Less Necessity there is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.

HENDERSON DIRECTORIES LTD.

Business Insurance

The Classified Section of the City Directory insures your business against the loss of a prospective customer who finds only your competitor listed under headings covering your business

Make yourself easy to find

Needs a City Directory

to enable those responsible to give good service to your customers. Buy a city directory today. It can be used every day of the year

Henderson Directories Ltd.

More than ninety per cent. of all advertising mediums are discarded before they're a year old

After the new ones come out your advertisement in the directory is still good, for old directories are seldom discarded while they hold together. Years later many of these directories will still be in active use. Your advertisement is still in service

Do you want LONG-LIVED advertising?

HENDERSON DIRECTORIES LIMITED

Business Insurance

The Classified Section of the City Directory Insures your business against the loss of a prospective customer who finds only your competitor listed under headings covering your business

Make yourself easy to find
